

KINO D4 - P4 standoff 1:1 fit check

Print at 100% / Actual size. Do not fit to page. Lay the sheet on the module, component side up.

The four red rings must land on the four brass standoffs, each post inside its ring.

Red: standoff pattern 61.9 x 54.8 MEASURED. Pattern centre 9.3 mm left of module centre NOT MEASURED - that offset is what this sheet

Blue dashed: the drawing's outer 102.6 x 60 pattern, absent on this board.

Black: module outline 117.01 x 69.41 from the drawing.

Calibration line = exactly 100 mm. Measure it first; if it is not 100.0, the sheet was scaled.
